

Year group: Example for Year 6

Home Learning Plan- Wednesday 24th and Thursday 25th June

Please complete the activities with other members of your family (if they are able to help you) or on your own. Try and choose at least one activity from each category to complete each day.

Mrs Donnison and Miss Biles

Creative

Using your knowledge about Banksy to create a piece of graffiti artwork.

Create a water safety poster based on the assembly that we had on Monday.

What are your aspirations for secondary school? Create a short storyboard and save this to look back at when you are older. I wonder if your aspirations will change when you get to secondary school.

STEM (Science, Technology, Engineering and Maths)

Make a maths board game using addition, subtraction, multiplication and division. Play your game with someone at home.

Create your own family tree, what characteristics have you inherited from your family?

Where in the world would you go on an adventure? Research what the food, culture and climate is like in that country. Consider the different biomes and vegetation belts.

English Focus

Read a story to an adult and discuss what you have read.

Write a letter to your new tutor, what do you want them to know about you before starting Secondary School.

Create a factfile about William Shakespeare. When and where did he live? What is he famous for? How does this link to our English lessons?

Skills and Experiences

Track daily weather patterns at home and across the world. Display your findings in anyway that you choose.

Create a skills shield, displaying all of the skills that you have.

Video call a friend or family member- ask them about an adventure they have been on.
