

Focused Homework Tasks

Maths

Complete tally chart on the minibeasts that you can see in your garden or when out and about. What minibeast can you find the most of?

P.E

Design an assault course to include a jumping challenge, throwing challenge and a running challenge.

Art and Design

Have a go at making a sculpture or design using natural objects inspired by Andy Goldsworthy. You could make patterns, swirls or shapes using pebbles, sticks or anything else natural you can find on the floor.

English

Have a go at retelling a traditional fairy tale. Think about how you could retell it e.g. put on a puppet show, draw a story map, make story pebbles, collect items to go in a story sack or even get a grown up to film you!

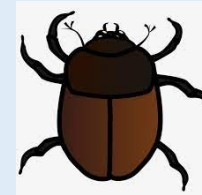

Geography

Have a go at mapping a walk that you have been on or re-search a walk that you could go on using a map and try it out.

Science

See what animal and creatures you can find either in your garden or out on a walk. Have a go at sketching them in their natural habitat.

Every day..

- ◇ Enjoy a sharing book with an adult. Listen whilst an adult reads to you.
- ◇ Read your reading book to an adult so that you can read each word *at a glance* without having to blend any of the sounds.

Three times per week

Number fluency using these tools:

- ◇ Numbots
- ◇ Times Table Rock Stars
- ◇ **Any activity from our toolkit on the school website: <https://charltonprimary.com/>**
