

Year 4 - Term 4

Home Learning

Below is a selection of Home Learning tasks for you to choose from. Complete one task each week and hand your work into your teacher in your homework book on a **Monday**. Your book will be checked and returned to you on the **Wednesday**. You may complete the activities in any order and there are more activities than you need to complete so that you have a choice. You are expected to spend between 25 - 30 minutes on your Home Learning.

Music

In Music we will be looking at music from across the world. Compose your own piece of music and record it or take a photo of yourself.

Countries

Can you think of a country for every letter of the alphabet? Perhaps you could give us an interesting fact for one or two of those countries.

NCR

Write a non-chronological report about something that interests you such as a hobby or a sport. Make sure you split it in to paragraphs and use subheadings.

RE

In RE we are looking at what we know about Jesus. Draw a picture of a scene from the life of Jesus and write a description of what is happening.

Climate Zones

In Geography we are looking at climate zones across the world. Choose one (we'll look at the 6 zones in the first week back) and find out more detail about what it is like to live there.

Paralympics

The winter Paralympics is being held in Beijing. Find out about one of the Paralympians and write a fact file about them.

Spellings

Practise learning your spellings for this term using your preferred method. Take a photo and send it in!

Science investigation

In Science we will be setting up our own investigations. Can you think of something you would like to investigate at home? Perhaps you could take photos.

TTRockstars

Don't forget to keep practicing your tables. Try logging in to TTR at least twice a week.

Letcombe Brook

Take a trip to Letcombe Brook where we visited in Term 1. What changes have occurred since then? Draw and label some of the things you see.
