Aims

Charlton Primary School aims to meet its obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination, harassment, victimisation and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share a relevant protected characteristic
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it.

The protected characteristics are:

- Age
- Disability
- Gender reassignment
- Marriage or civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

A glossary which defines these terms and additional terms related to equality, diversity and inclusion can be found in Appendix 1.

Our duties under the Equality Act also reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities and the Human Rights Act 1998.

The Education and Inspections Act 2006 requires us to promote community cohesion and at Charlton Primary School, we work towards a society in which there is a common vision and sense of belonging by all communities; a society in which the diversity of people's backgrounds and circumstances is appreciated and valued; a society in which similar life opportunities are available to all; and a society in which strong and positive relationships exist.

Our commitment to equality, diversity and inclusion is reflected in our school policies and procedures, especially those related to (but not limited to):

- accessibility
- behaviour
- anti-bullying
- uniform

- recruitment
- Relationships and Sex Education
- Special Educational Needs
- home-school agreements

Our school ethos and values

Our vision is to be an exceptional school where children flourish.

This will be achieved through an ambitious and engaging curriculum in a happy, kind, inclusive environment facilitated by committed and caring staff.

Our vision statement outlines the aspirations we have for our school and its children. At Charlton we believe it is not enough to just talk about our vision. We believe in providing a Culture of Opportunity for all of our children so they can achieve academically alongside strong personal development.

Our school climate and culture is shaped by our values of Kindness, Responsibility and Happiness. These underpin all we do and we believe this is fundamental to our children growing into active citizens ready for life in the 21st Century. We prepare all children to make exceptional contributions to society and our curriculum enriches lives spiritually, culturally, emotionally and morally. It is important that our clearly communicated and lived out values are also understood at home, with the potential for our whole school community to be influenced and changed by them. It is this living out of our simple values which genuinely defines our school and makes us distinctive. We find these also link effectively to the British Values of tolerance, mutual respect, individual liberty, democracy and the rule of law.

Our school

We are a thriving, two-form entry primary school located in Wantage, Oxfordshire.

All the staff at Charlton strive to give each child the best start for them to be confident, happy and successful lifelong learners, preparing them for the next stage in their school life. The planning and teaching of our curriculum reflects our ethos and school values.

Teachers and Teaching Assistants are dedicated in supporting children to master the foundations of reading, writing and mathematics, as well as ensuring that our broad and exciting curriculum enables everyone the opportunity to find their passion and develop their talents. We aim to achieve excellence through enjoyment!

Those who work at Charlton are enthusiastic, passionate and nurturing, and they recognise the importance of the role they play in each child's life; inspiring them to be the best that they can be. The school is also committed to developing the practice of their staff, to ensure they can have the greatest impact on the children we care for.

We are very lucky to have an extensive and beautiful outdoor space, and the use and development of this is supported by all stakeholders. It provides valuable opportunities to develop a healthy, active lifestyle and for children to learn how to care for our environment and its importance.

Everything we do at Charlton is centred around our values - happiness, kindness, responsibility. This helps to develop a nurturing, positive and friendly environment for all.

Fulfilling our public sector equality duty

How we eliminate discrimination, harassment and victimisation:

Charlton Primary School does not tolerate direct or indirect discrimination, harassment or victimisation of anyone within our school community, and we are opposed to all forms of prejudice.

- The school has robust procedures for dealing with prejudice-related incidents and all staff receive training on these. All incidents are recorded, and this data is shared with the local governing committee and analysed so that any trends can be identified, and action plans put in place. Further information on these procedures can be found on our website, where they are referenced in the anti-bullying policy and relational behaviour policy.
- These policies outline the procedures for reporting and responding to incidents of discrimination, harassment and victimisation experienced by staff
- The Complaints Procedure outlines the procedures for reporting and responding to incidents of discrimination, harassment and victimisation experienced by parents and the wider school community.

Fostering good relations

Charlton Primary School aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Making pupils aware of relational behaviour and anti-bullying policies
- Holding assemblies focussing on relevant issues. Pupils will be encouraged to take a lead in such assemblies, and we will also invite external speakers to contribute

- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach.
- We take steps to ensure diversity in our pupil council, local governing committee and staff team
- We celebrate diversity at every opportunity and hold regular assemblies and events celebrating diversity throughout the year.

How we advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it:

Treating people equally does not mean treating them all the same. We recognise that pupils have different needs, different experiences, different outlooks and face different barriers to achieving positive outcomes.

- We collect and monitor data broken down by different protected characteristics in order to identify inequalities and disparities within our pupil population in terms of:
 - Progress and attainment
 - Admissions
 - Attendance
 - Recognition, rewards, sanctions and exclusions
- We employ appropriate interventions where necessary in order to address disparities. Please see our Equalities Objectives and Action Plan for further details.
- We make reasonable adjustments to ensure that the school environment and its activities are as accessible and as welcoming as possible to all, in some cases treating disabled people more favourably than non-disabled people where necessary. Please see our Accessibility Plan for further information.
- We ensure that pupils' work is adapted appropriately, and that the curriculum is accessible to all pupils.
- We respect the religious beliefs and practice of staff and pupils and comply with reasonable requests relating to religious observance and practice.

- We take all reasonable steps to ensure the wellbeing and inclusion of transgender staff and pupils, including those who transition during their time at the school.

How we foster good relations between persons who share a relevant protected characteristic and persons who do not share it:

- We ensure that our curriculum offers opportunities to learn about people with a diverse range of identities.
- We teach our pupils to recognise and challenge stereotypes and prejudice and to value difference.
- We ensure that our resources challenge stereotypes and reflect the diversity of society.
- We take positive action to ensure that people with a range of different identities engage with our school community for example guest speakers, arts groups, school governors, parent helpers etc.
- Our behaviour policy includes a requirement to respect other people and their different identities.

Equality Objectives and Action Plan

In order to fulfil its Public Sector Equality Duty the school collects equality information on pupils and staff.

Using this information, the school analyses the following in terms of protected characteristics:

- Staff recruitment, retention and promotion
- Staff disciplinary and capability proceedings

- Records of prejudice-related incidents
- Complaints by parents

The school also conducts surveys with staff, pupils and parents to identify areas that they feel the school is doing well and areas for improvement.

- Pupil admissions
- Pupil attendance
- Pupil performance/achievement

This information is used to identify any discrepancies between people from different groups and to identify equality objectives. Where appropriate the school publishes this information within the termly newsletter.

- Pupil sanctions
- Pupil rewards

The school identifies any equality training needs within our staff through induction and appraisal. These needs will be addressed, and this may also inform our Equality Objectives.

Our equality objectives may also take into account national and local priorities and issues as appropriate. They are devised in consultation with school governors and are integrated into the school improvement plan. We keep the objectives under review and report annually on our progress towards achieving them.

Our current Equality Objectives and Action Plan are attached as Appendix 2

Equality considerations in decision-making

The following are suggestions only and will need to be adapted depending on your school's circumstances.

The school ensures it has due regard to equality considerations whenever significant decisions are made. We consider equality implications before and at the time that we develop policy and make decisions and continue to review these on a continuing basis.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

The school keeps a written record (known as an Equality Impact Assessment) to show we have actively considered our equality duties and asked ourselves relevant questions.

This is recorded at the same time as the risk assessment when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored electronically with the completed risk assessment.

Equality Impact Assessments

All school policies are regularly assessed for their impact on different groups of people with shared protected characteristics. This ensures that our policies, practices and decision-making processes are fair and do not discriminate against any particular groups. It also enables us to consider ways to proactively advance equality.

A template for conducting equality impact assessments is attached as Appendix 3

Breaches of this policy

Breaches of this policy will be dealt with in the same way that breaches of other school policies are dealt with, as determined by the headteacher and local governing committee.

Monitoring arrangements

The headteacher will update the equality information we publish at least every year.

School-specific equality objectives will be reviewed by the LGC at least every 4 years.

This document will be reviewed by the headteacher and LGC annually, to ensure continued compliance with the PSED.

This template Policy be approved by the Trustees
